

THE RESEARCH BEHIND THE SCIENCE OF ACTIVATION™

Canada Post Smartmail Marketing™ combines the elements of physicality, data and connectivity to drive action.

Here we take a look at just a few of the findings that support this approach. Ethnographic research revealed how mail gets into hands and into homes. Then neuromarketing research took it further for an inside look at how the brain reacts to this tangible medium.

THE TANGIBLE ELEMENTS OF DIRECT MAIL CAN INCREASE YOUR ABILITY TO DRIVE ACTION.

IT'S EASIER TO UNDERSTAND

21% LESS mental effort is required to process direct mail than digital media.

IT'S MORE PERSUASIVE

20% HIGHER motivation response to direct mail than digital media.

COMPARING EFFECTIVENESS*

As you add sensory elements, your direct mail piece becomes more effective at engaging the brain.

*Effectiveness based on motivation-to-cognitive load ratio, as explained in *A Bias for Action*, 2015.
